April – Child Abuse Prevention Month

Teach kids to protect themselves at home. We consider our homes to be safe places for our children. But being home alone can pose risks for children. Here are a few tips to teach kids that will help keep them safe when you are not with them at home: Never answer the door if alone. Do not invite anyone in the house without the permission of a parent or babysitter. Don't tell anyone on the phone that your parents are not home. Instead, tell them that your parents can't come to the phone, and take a message. For more tips, please visit www.kidsafe.com.

For more information or assistance, please call: Sr. Natalya Stoczanyn, SSMI at 215-873-6162 or 215-627-0143.
